

Roberts Family Update

November 2021

It has been a fun month at Morgan Grace Church! We are thankful for God's blessing on our families and our church. One of our partnering churches, Redemption Ogden, blessed us with all new audio and visual equipment for our worship center! They also came out to set everything up for us. This is a big upgrade that allows us to do things well in person and online. We had to flip our worship center to make more seating!

Our hope is to utilize Facebook, YouTube, and our website to allow people in Morgan to check us out before they come to our weekly gathering. It is a big step for someone in Morgan County to come to a Christian church. We hope that having

a strong online presence will allow folks in Morgan to hear the gospel from people they know in a safe place (alone in their home). We have new signage both inside and out, church t-shirts, hats, hoodies, mugs, and pens all coming this month. We are excited to let Morgan know that we are here!

Halloween is a big deal in Utah. We were part of Morgan's business trick or treat. We gave away over 1,000 full sized candy bars and almost as many hot dogs with our prayer cards. It was a hit! We take every chance to love our community and show people that we are for Morgan. We are looking forward to doing it bigger and better next year!

Prayer Requests:

1. Favor in the community with new outreach efforts
2. Our kids to settle into Utah (Finley has been asking a lot of questions about when we are going back to Arkansas)
3. Partnering Churches and individuals who will support the ministry financially
4. Continued spiritual growth in our church
